ACRISYL DECORA

Acrisyl Decora is an acrylic – siloxanic plaster with enriched shiny crystals that create a typical granite and natural stone finish. It's elastic property minimizes the threat of hairline surface cracks

The product creates a protective coating with excellent water repellency and is inherently anti algae and anti mold. Extremely effective finish for exteriors and interiors that offers great resistance to atmospheric pollutants.

- Quick and easy application
- Odourless
- Environment friendly with low VOC
- Highly customizable with respect to colours
- Compatible with all paintable substrates
- It supports fragmented repair only to a limited extent
- Adaptable in all concepts, classical, modern or fusion.
